

**Bray Controls**, a subsidiary of Bray International, is seeking an Industrial Maintenance Mechanic for its Northwest Houston manufacturing facility.

**Job Purpose:**

Maintains production and quality by ensuring operation of machinery and mechanical equipment.

**Duties:**

\* Ensures operation of machinery and mechanical equipment by completing preventive maintenance requirements on engines, motors, pneumatic tools, conveyor systems, and production machines; following diagrams, sketches, operations manuals, manufacturer's instructions, and engineering specifications; troubleshooting malfunctions.

\* Locates sources of problems by observing mechanical devices in operation; listening for problems; using precision measuring and testing instruments.

\* Removes defective parts by dismantling devices; using hoists, cranes, and hand and power tools; examining form and texture of parts.

\* Determines changes in dimensional requirements of parts by inspecting used parts; using rules, calipers, micrometers, and other measuring instruments.

\* Adjusts functional parts of devices and control instruments by using hand tools, levels, plumb bobs, and straightedges.

\* Controls downtime by informing production workers of routine preventive maintenance techniques; monitoring compliance.

\* Fabricates repair parts by using machine shop instrumentation and equipment.

\* Maintains equipment, parts, and supplies inventories by checking stock to determine inventory level; anticipating needed equipment, parts, and supplies; placing and expediting orders; verifying receipt.

\* Conserves maintenance resources by using equipment and supplies as needed to accomplish job results.

\* Provides mechanical maintenance information by answering questions and requests.

- \* Prepares mechanical maintenance reports by collecting, analyzing, and summarizing information and trends.
- \* Maintains technical knowledge by attending educational workshops; reviewing technical publications; establishing personal networks.
- \* Maintains continuity among work teams by documenting and communicating actions, irregularities, and continuing needs.
- \* Maintains safe and clean working environment by complying with procedures, rules, and regulations.
- \* Contributes to team effort by accomplishing related results as needed.

**Skills/Qualifications:**

Equipment Maintenance, Technical Understanding, Technical Zeal, Deals with Uncertainty, Basic Safety, Power Tools, Attention to Detail, Flexibility, Supervision, Job Knowledge, Productivity
